Our determination of your application for a permit is complete. We're satisfied that you can carry out your activities in accordance with the enclosed permit, without harm to the environment or human health. Please keep the permit in a safe place.

This letter contains web links to other documents. If you aren't able to access these, please phone our Customer Contact Centre for help on 03708 506 506.

Please look at the table below and note any of the things that apply to your permit.

If...	then..
you plan to keep your records at a site other than where the activity takes place	you need to let us know within 20 working days of receiving this letter.
your permit includes pre-operational or improvement conditions	make sure you complete the requirements by the set deadlines. Note: additional charges apply for assessments or approvals under these conditions. The exception is for new waste incinerator or co-incinerator permits
your permit includes standard rules	we've enclosed the rules set/s. We may change these in future but will let you know about any changes. You must make sure you're always following the latest rules set.

Table continues on next page.

If...	then..
you're carrying out a waste operation or activity and need to submit quarterly waste returns on waste movements	you can get the forms you need from our website https://www.gov.uk/government/collections/national-operator-waste-returns When you complete your return, use the waste returns reference above.
you need to submit other returns	speak to your local Environment Agency regulatory officer to check arrangements.
your permit includes a (non-low impact) installation	we enclose a legal notice and information about reporting to the Pollution Inventory.

Read the following guides to find out more about complying with your permit:

Subsistence charges

Most permits attract a subsistence charge for each full or part financial year they are in force. For these permits, the first subsistence invoice will be for a pro rata amount. This amount is usually based on the date we grant the permit, until the end of the financial year.

There are a few exceptions and additions. Please look at the table below and see if any apply to your permit.

If...	then..
your permit states a future start date or requires prior notice to be given	the charge starts from that date instead.
you are a domestic householder or charity and your permit is only for the: <ul style="list-style-type: none"> • discharge of sewage effluent; and • the maximum discharge volume is no more than 5 cubic metres per day 	there is no subsistence charge.
your permit is only for mobile plant	there is no subsistence charge. Instead we will charge for each deployment. This does not apply to: <ul style="list-style-type: none"> • some mobile plant permits that allow the spreading of wastes on land. In these cases both subsistence and deployment charges apply. • mobile specified generator standard rules permit (SR2018 No 8). In these cases there is a fixed subsistence charge, but no separate deployment charge.

Table continues on next page.

If...	then..
your permit is for bespoke medium combustion plant or specified generator(s)	there is no fixed subsistence charge. Instead we will recover costs on a time and materials basis.
construction work or operation of your facility has yet to start	no subsistence charge is due until activities begin. This does not apply to waste incineration or co-incineration plant, where a fixed pre-construction charge applies
your permit is for waste transfer or treatment permit	you will need to pay an one off extra charge of £672 for your first year of operation. This charge covers our additional costs in providing you with advice and support at the start of your operations.

You can find further information on charging, including when additional charges apply in our charging scheme:
